

AGREEMENT ON THE NEED, SUITABILITY AND SHORTFALL IN RESOURCES OF THE TENDER FILE OF THE CONTRACT FOR SEQUENCING SERVICES USING CAPILLARY ELECTROPHORESIS FOR THE HIGH TECHNOLOGY UNIT OF THE FUNDACIÓ HOSPITAL UNIVERSITARI VALL HEBRON - INSTITUT DE RECERCA (VHIR)

2018-035 CAPILLARY SEQUENCING SERVICE

Dra. Rosario M. Prieto Sánchez, Head of the VHIR High Technology Unit has proposed that a tender file be launched for sequencing services using capillary electrophoresis for the High Technology Unit of the Fundació Hospital Universitari Vall Hebron- Institut de Recerca (VHIR).

The purpose of the contract involves the following tasks:

- Tube-type sequencing.
- Plate-type sequencing.
- Difficult samples sequencing.
- Analysis of fragments.

The mandate of the Board of Trustees and the Board of Directors of the VHIR is to ensure the continuity and correct development of the aforementioned service, seeking to find formulas to optimise internal functioning and management.

In this regard, in order to avoid affecting the aforementioned service throughout its duration and ensuring its continuity and optimisation based on the specific and ever-changing requirements of the pursuit of excellence sector, it has been decided to contract the service, seeking the best value for money.

The duration of this contract will have an initial duration of 2 years, extendable to 2 more years.

The total maximum budget for this tender, corresponding to the initial 2 years, is THIRTY-NINE THOUSAND TWO HUNDRED EIGHTY EUROS (€ 39.280,00), without VAT.

The contracting entity shall not be compelled to spend the entirety of the base tender budget, but rather, only those services that are effectively provided based on the prices offered shall be billed.

The non-division of the purpose into allotments is justified by the purpose of the provision itself as; failing that, the execution of the contract would become excessively difficult from a technical point of view, with a high risk of harming the proper execution of the project.

In view of the need to carry out an open procedure with ordinary processing and non-harmonised regulations as per the criteria of Law 9/2017, of 8 November, on Public Sector Contracting, whereby Directives of the European Parliament and of the Council 2014/23/EU and 2014/24/EU, of 26 February 2014, are transposed into Spanish law.

In view of all of the above,

IT IS HEREBY DECIDED:

- 1.- To order the opening of the tender file for sequencing services using capillary electrophoresis for the High Technology Unit of the Fundació Hospital Universitari Vall Hebron- Institut de Recerca (VHIR), the maximum budget for the tender being set at € 39.280,00, without VAT.
- 2.- To order the certification of the existence of sufficient credit to certify that the VHIR has a sufficient budgetary endowment to face the expenses arising from this tender file.
- 3.- To draft the Specific Administrative Bidding Conditions and Technical Specifications in accordance with the provisions of the aforementioned Law.

Barcelona, on the 20th of November 2018
