

## CIBBIM - Nanomedicine Molecular Oncology

We are looking for highly motivated candidates with an outstanding academic record to apply for a [predoctoral position funded by the Catalan Government AGAUR](#) at the Vall d'Hebron Research Institute, Barcelona, Spain ([www.vhir.org/gr/nanomolecularoncology](http://www.vhir.org/gr/nanomolecularoncology)). The successful candidate will join the Group of Molecular Oncology. This is a very active group with a good publication record and located in a leading Spanish Research Institution.

Posted by DA on 03-08-12 at <http://www.rediris.es/list/sdis/oferta-trabec/form-oferta-trabec.php>

The field of research will be the identification of new molecular biomarkers of prognosis and response to treatment for colorectal cancer patients. The research plan will use in vitro systems, animal models and clinical sample collections. The successful candidate will use cutting-edge molecular/cell biology techniques.

### The candidates must:

- Have a Master's degree after January the 1st 2010.
- The average grade of the Bachelor's degree should be >2 (scale 1-4). Please, use these tables to calculate your grade whether it was obtained in [Europe](#) or [elsewhere](#).
- Be fluent in English language.

### What offer:

- Two year fellowship: a gross salary of 14.400,00 euros.
- Two year contract: a gross annual salary of 15.600,00 euros.
- Active and stimulating academic environment

## Contact:

Please, contact Dr. Diego Arango before 10-September-2012 at diego.arango@vhir.org
