

## PhD position

The CIBBIM-Nanomedicine is currently seeking a full-time PhD for a post doctoral position in the area of nanoparticle pharmacokinetics at the Vall d'Hebron Research Institute.

### Educational profile:

- Graduate on Physics, Chemistry or Biology.
- PhD on nanoparticles.

### Experience:

- Experience at the nanobio interface (e.g.: interaction of inorganic NPs and proteins).
- Excellent lab skills.
- Fluent in English.

### Job:

Senior scientific experimental work on the synthesis and conjugation of NPs in a biomedical context.

### We offer:

- Gross annual salary: 24.000€
- Full time position (40h/week).
- Permanent position.

Please submit your application electronically, including CV to [seleccio@vhir.org](mailto:seleccio@vhir.org). Please indicate reference: Post doc \_NP.
