

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**. This recognition proves that VHIR endorses the general principles of the **European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (Charter & Code)**. Thus, there are no restrictions of gender, national origin, race, religion, sexual orientation or age and **candidates with disabilities are strongly encouraged to apply.**

Predocctoral Pneumology Department

VHIR offers vacancy/vacant position for a Predocctoral within the Pneumology Department. The clinical and basic research activity of the group is mainly focused on areas of inflammation and repair, respiratory failure and tissue hypoxia, and there is complementarity and interrelatedness of these areas for the study of diseases such as asthma, COPD, pulmonary fibrosis, infections, transplant, pulmonary hypertension and sleep-disordered breathing

More information about our group can be found here →
