

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**. This recognition proves that VHIR endorses the general principles of the **European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (Charter & Code)**.

Thus, there are no restrictions of gender, national origin, race, religion, sexual orientation or age and **candidates with disabilities are strongly encouraged to apply.**

Clinical Research Coordinator

Infection in Immunocompromised Pediatric Patient Research Group

VHIR offers a vacant position for a **Clinical Research Coordinator** for the [Infection in Immunocompromised Pediatric Patient Research Group](#). This group is part of the [Pediatric Infectious Diseases and Immunodeficiencies Unit](#) created in 1996 as Pediatric Infectious Diseases Unit and consolidated in 2005 like a consulting unit in nosocomial and opportunistic infections in immunocompromised pediatric patients. It is currently pioneering in this field and its Master in Pediatric Infectious Diseases is the first in Europe in this discipline. Its research is mainly focused on severe bacterial, fungal and viral infections in immunocompromised pediatric patients, and reflects both the daily clinical practice and the recommended directives by the European and National institutions for the following five to ten years.

JOB DESCRIPTION

Education and qualifications:

Required:

- Graduate in Health Sciences. Priority will be given to applications with specialized training in the clinical and health fields.

Desired:

- Specific training in Clinical Trial Monitoring and/or Biostatistics will be valued.
