

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**. This recognition proves that VHIR endorses the general principles of the **European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (Charter & Code)**.

Thus, there are no restrictions of gender, national origin, race, religion, sexual orientation or age and **candidates with disabilities are strongly encouraged to apply.**

## PhD position

### Clínica Neuroimmunology Research Group

VHIR offers vacancy/vacant position for a PhD student in the Group of Clinical Neuroimmunology. The pre-doctoral researcher will work in an interdisciplinary biomedical environment in the project: "Immunosenescence in multiple sclerosis. Innate immunity as potential therapeutic target in multiple sclerosis", funded by the Instituto de Salud Carlos III.
