

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**. This recognition proves that VHIR endorses the general principles of the **European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (Charter & Code)**.

Thus, there are no restrictions of gender, national origin, race, religion, sexual orientation or age and **candidates with disabilities are strongly encouraged to apply.**

Research Technician

Research Group on Aging, Frailty & Transitions in Barcelona (REFiT)

The Vall d'Hebron Research Institute (VHIR) offers a vacant position for a research technician in **the Research Group on Aging, Frailty and Transitions in Barcelona (REFiT)**. The researcher will work in an interdisciplinary environment in the project entitled **+AGIL: integrated care for frail older adults in the community** funded by *Ajuntament de Barcelona & Institut de Cultura de Barcelona*.
