

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**. This recognition proves that VHIR endorses the general principles of the **European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (Charter & Code)**.

Thus, there are no restrictions of gender, national origin, race, religion, sexual orientation or age and **candidates with disabilities are strongly encouraged to apply.**

Predocctoral Fellow

Diabetes and Metabolism Department (SHBG in Human Disease Group)

The SHBG in Human Disease Group is seeking a predoctoral fellow to participate in the project “*Molecular Mechanisms regulating Sex Hormone-Binding Globulin: Therapeutic Implication*” (PI18/00320) under the supervision of Dr. David M Selva.
