

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**. This recognition proves that VHIR endorses the general principles of the **European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (Charter & Code)**. Thus, there are no restrictions of gender, national origin, race, religion, sexual orientation or age and **candidates with disabilities are strongly encouraged to apply**.

## Postdoctoral Researcher Clinical Neuroimmunology

VHIR offers vacancy/vacant position for a Postdoctoral Researcher within the Clinical Neuroimmunology Group. More information about our group can be [here](#).

### JOB DESCRIPTION

#### Education and qualifications:

##### Required:

- Have a PhD degree in the field of biomedical research, and additional post-doctoral training in neuroimmunology.
- Written and oral communication skills in English and Spanish.
- Ability to conduct independent research.

#### Experience and knowledge:

- **We require previous experience in:**
- Strong background in immunology and molecular biology.
- Experience in studies with multiple sclerosis patients and in the animal model of the disease (experimental autoimmune encephalomyelitis).
- Experience in “omics” technologies.
- Experience in databases and statistical analysis.
- Direction and participation in competitive research projects as principal investigator.

#### Main responsibilities and duties:

- Biomarker studies in multiple sclerosis patients based on microRNAs and exosomes.
- Manuscript and grant writing.
- Teaching and students supervision activities.

### Labour conditions:

- Full-time position (40h/week).
- Starting date: January 2021.
- Length of the contract: 1 years.
- Gross annual salary: 30.000 Euros.
- Program: Grant from the National Institute of Health Carlos III (ISCIII).

### What can we offer?

- Skillful and social colleagues in a dynamic environment.
- Challenging tasks and a wide range of responsibilities.
- Personal training opportunities.
- Flexible working hours.
- 23 days of holidays + 9 personal days.
- Flexible Remuneration Program (including dining checks, health insurance, transportation and more).
- Annual teambuilding events.

### How to apply:

Applicants should submit a full Curriculum Vitae and a cover letter to the following email addresses: [manuel.comabella@vhir.org](mailto:manuel.comabella@vhir.org) and [seleccio@vhir.org](mailto:seleccio@vhir.org); [recursos.humans@cem-cat.org](mailto:recursos.humans@cem-cat.org).
