

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**. This recognition proves that VHIR endorses the general principles of the **European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (Charter & Code)**. Thus, there are no restrictions of gender, national origin, race, religion, sexual orientation or age and **candidates with disabilities are strongly encouraged to apply.**

LABORATORY TECHNICIAN MEDICAL MOLECULAR IMAGING RESEARCH GROUP

VHIR offers vacancy/vacant position for a Laboratory Technician within the Medical Molecular Imaging Research Group. More information about our group can be found at <http://en.vhir.org/portal1/grup-presentacio2.asp?s=recerca&contentid=187155&idrefer=187156>

JOB DESCRIPTION

Education and qualifications:

Required:

- At least FP II

Preferred:

- University graduate
- FELASA or similar Laboratory Animal Education and Training
- NRC license

Experience and knowledge:

Required:

- Familiarized with immunohistological techniques: IHC, IF and other histology methods
- Methodical and organized
- Familiarized with molecular biology techniques (e.g. WB, ELISA, PCR)

Desired:

- Experience in rodent handling/preclinical murine models
- Skilled at peripheral blood cell isolation
- Capable of managing large databases

Main responsibilities and duties:

- Histological processing and analysis of tissue samples resulting from preclinical and clinical studies
- Management of databases
- Collection, processing and preservation of human and preclinical samples
- Manage purchases, stocks and keep the laboratory tidy
- Perform molecular biology experiments (e.g. WB, ELISA, PCR)

Labour conditions:

- Full-time position (40 h/week).
- Starting date: As soon as possible
- Length of the contract: Maternity leave. Initially until October 2021 (a future extension will be valued)
- Gross annual salary: 18.589,05 euros.

How to apply:

Applicants should submit a full Curriculum Vitae and a cover letter with the reference " LABORATORY TECHN." to the following email addresses: raul.herance@vhir.org and seleccio@vhir.org
