

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**. This recognition proves that VHIR endorses the general principles of **the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (Charter & Code)**. Thus, there are no restrictions of gender, national origin, race, religion, sexual orientation or age and **candidates with disabilities are strongly encouraged to apply.**

Clinical Research Nurse

Diabetes and Metabolism Research Group

VHIR offers vacancy/vacant position for a Clinical Research Nurse within the Diabetes and Metabolism Research Group to participate in the project "Study of safety and effectiveness of topical administration (eye drops) of sitagliptin for treating early stages of diabetic retinopathy (EyeSit@)"
