

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

**VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.**

## Pre-doctoral Position

### Biomedical Research in Gynecology Research Group

VHIR seek a vacancy/vacant position for a **Pre-doctoral** within the **Group of Biomedical Research in Gynecology** in order to **apply for PhD grants in the upcoming months** to perform the PhD studies in our group in the frame of discovering biomarkers for improving endometrial cancer diagnosis and screening.

More information about our group can be found here:

<http://www.vhir.org/portal1/grup-lines.asp?s=recerca&contentid=186716&idrefer=186717>

#### JOB DESCRIPTION

##### Education and qualifications:

##### Required:

- Degree in Biology, Biotechnology, Biochemistry or Pharmacy
- Good communication skills and fluency in spoken and written English
- Excellent grades (over 8.5) in the Degree and Master

##### Desired:

- Author in publications
- Passionate and committed

##### Experience and knowledge:

##### Required:

- Experience in molecular research
- Experience in data analysis

### Main responsibilities and duties:

- Execution of the research project entitled “Development of a molecular in vitro diagnostic for endometrial cancer”.
- Work in discovering and validating new biomarkers for endometrial cancer diagnosis and prognosis
- Contribute to general tasks in the laboratory

### Labour conditions:

- Full-time position: 40h/week.
- Starting date: 01/10/2021
- Gross annual salary: 16490,46 €
- Contract: renewable, annually

### What can we offer?

- Incorporation to Vall d'Hebron Research Institute (VHIR), a public sector institution that promotes and develops the biomedical research, innovation and teaching at Vall d'Hebron University Hospital (HUVH), the biggest hospital of Barcelona and the largest of Catalan Institute of Health (ICS).
- A scientific environment of excellence, highly dynamic, where high-end biomedical projects are continuously developed.
- Continuous learning and a wide range of responsibilities within a stimulating work environment.
- Personal training opportunities.
- Flexible working hours.
- 23 days of holidays + 9 personal days.
- Flexible Remuneration Program (including dining checks, health insurance, transportation and more).

### How to apply:

Applicants should submit a full Curriculum Vitae and a cover letter with the reference “#PredocEC” to the following email addresses: [elisabeth.olivan@vhir.org](mailto:elisabeth.olivan@vhir.org) ; [eva.colas@vhir.org](mailto:eva.colas@vhir.org) and [seleccio@vhir.org](mailto:seleccio@vhir.org) before 30/09/2021.
