

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

Bioinformatics Technician

Digestive Unit; Research Group: Microbiome Lab

JOB DESCRIPTION

Education and qualifications:

Required:

- Master degree
- English B2, C1 level

Experience and knowledge:

Required:

- At least 1 year of experience working in Biology
- Knowledge of Bioinformatics
- Ability to statistics

Main responsibilities and duties:

- Develop bioinformatics and statistics tools related to microbiome data

Labour conditions:

- Full-time/Part-time position: 34 h/week.
- Starting date: December 1st 2021
- Gross annual salary: 15.800,69
- Contract: 7 months
