

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission in **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, nationality, religion, age, disability or race.

Laboratory Technician

Systemic Autoimmune Diseases Research Group

VHIR offers vacancy/vacant position for a Laboratory Technician within the Systemic Autoimmune Diseases Research Group.

JOB DESCRIPTION

Education and qualifications:

Required:

- Studying a technical degree (FP II or similar) in the field of biosciences

Desired:

- Fluency in English

Experience and knowledge:

Required:

- Experience in common immunology and molecular biology techniques (such as ELISA, flow cytometry, cell culture...)
- Good computer skills, especially in Microsoft Office
- Strong sense of responsibility, proactivity, well-organization and team work abilities.

Desired:

- Experience in the performance of statistical analysis using R, GraphPad or SPSS
- Experience in database management
