

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

LABORATORY TECHNICIAN

MEDICAL MOLECULAR IMAGING RESEARCH GROUP

VHIR offers vacancy/vacant position for a Laboratory Technician within the Medical Molecular Imaging Research Group. More information about our group can be found at

<http://en.vhir.org/portal1/gruppresentacio2.asp?s=recerca&contentid=187155&idrefer=187156>

JOB DESCRIPTION

Education and qualifications:

Required:

- At least FP II

Desired:

- University graduate
- FELASA or similar Laboratory Animal Education and Training
- NRC license

Experience and knowledge:

Required:

- Familiarized with molecular biology (PCR and WB) and immunohistological techniques
- Handling of murine models
- Methodical and organized

Desired:

- Familiarized with processing and analysis of clinical and pre-clinical medical images
- Peripheral blood cells isolation

- Management of data bases

Main responsibilities and duties:

- Management of some databases
- Collection, processing and preservation of human and preclinical samples
- Assist to molecular imaging studies on clinical and preclinical trials
- Manage purchases, stocks and keep the laboratory tidy
- Perform molecular biology (PCR and WB) and immunohistological analysis

Labour conditions:

- Part-time position: 35h/week.
- Starting date: immediate
- Gross annual salary: 16.265,42 €
- Contract: *temporary*

What can we offer?

- Incorporation to Vall d'Hebron Research Institute (VHIR), a public sector institution that promotes and develops the biomedical research, innovation and teaching at Vall d'Hebron University Hospital (HUVH), the biggest hospital of Barcelona and the largest of Catalan Institute of Health (ICS).
- A scientific environment of excellence, highly dynamic, where high-end biomedical projects are continuously developed.
- Continuous learning and a wide range of responsibilities within a stimulating work environment.
- Personal training opportunities.
- Flexible working hours.
- 23 days of holidays + 9 personal days.
- Flexible Remuneration Program (including dining checks, health insurance, transportation and more).

How to apply:

Applicants should submit a full Curriculum Vitae and a cover letter with the reference "LABORATORY TECHNICIAN. MMI" to the following email addresses: raul.herance@vhir.org and seleccio@vhir.org
