

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission in **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

**VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, nationality, religion, age, disability or race.**

# Postdoctoral researcher

## Ophthalmology group

Postdoctoral position in ocular inflammatory diseases.

### JOB DESCRIPTION

#### Education and qualifications:

##### Required:

- PhD in biomedical sciences
- Animal Experimentation title
- Fluency in Catalan, Spanish, English (business level)

#### Experience and knowledge:

##### Required:

- At least 2-3 years of experience working in animal models of ophthalmology
- Expert in *in vivo* imaging of the eye and visual function
- Used to ocular surgery
- Experience in stem cells and organoid technology
- Experience in molecular and cellular biology techniques, and microscopy

##### Desired:

- Knowledge of ocular inflammatory diseases

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.
