

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission in **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

**VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, nationality, religion, age, disability or race.**

## Research Technician

### Translational Molecular Pathology Research Group

VHIR offers vacancy/vacant position for a Research Technician within the Translational Molecular Pathology Research Group.

#### JOB DESCRIPTION

##### Education and qualifications:

##### Required:

- Bachelor in BioScience Field

##### Experience and knowledge:

##### Required:

- Experience in Cell culture
- Experience in Cellular and Molecular Biology
- Data analysis from RNA signatures
- High oral and written English level
