

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission in **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, nationality, religion, age, disability or race.

Computational Bioinformatician

Nephrology and Transplantation Group

VHIR offers vacancy/vacant position for a Computational Bioinformatician within the Nephrology and Transplantation Group

JOB DESCRIPTION

Education and qualifications:

Required:

- Bachelor's Degree in Biology
- Master's Degree in Computational Bioinformatics
- Good oral and writing skills in English

Experience and knowledge:

Required:

- Bachelor's Degree in Biology
- Master's Degree in Computational Bioinformatics
- Good oral and writing skills in English

Desired:

- Computational bioinformatics analysis
- Good skills in dissemination activities in science
- Knowledge in the field of solid organ transplantation

Main responsibilities and duties:

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.
