

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

Senior Network Administrator

IT

VHIR offers a vacant position for a Senior Network Administrator to join the IT team and provide support to the IT unit by administering network infrastructure.

The IT Unit of VHIR is composed of an operational core of professionals who lead the processes linked to the information systems of VHIR and promote the aspects of management, planning and monitoring of outsourced services and projects under development. They respond to the IT needs of both the research staff and the research support units of VHIR, in terms of information technology and computing infrastructures.
