

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

Temporary Internship Researcher

Advanced and Chronic Liver Disease

We are looking for a highly motivated student with good academic scores willing to join our group through competitive PhD program calls (AGAUR, PFIS...). This intern position will serve as a bridge contract until resolution of the calls.

The Advanced and Chronic Liver Disease group belongs to the Liver Diseases Research Group of VHIR. It is also a consolidated group, recognized by AGAUR and it is integrated at the CIBERehd.
