

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

International Pre-Award Research Manager (Grant Writer)

International Project Unit (Pre-Award) – Research Grants Office – Competitive Project Directorate

VHIR's International Project Office (Research Grants Office) is responsible for managing all international competitive projects at VHIR and at Hospital Universitari Vall Hebron (HUVH). It provides support to researchers throughout the lifecycle of competitive research projects to contribute to the leadership of VHIR and HUVH in biomedical research.

We encourage and support our researchers in the pursuit of competitive funding for research detecting opportunities and contributing to the development of quality proposals (Pre-Award office). Once the desired funding is achieved, we provide support in managing granted funds to comply with internal policies and funding bodies regulations (Post-Award office).

We are currently looking for an enthusiastic candidate to join the Pre-Award team as an **International Pre-Award Research Manager (Grant Writer)** for development of European and International competitive proposals.

JOB DESCRIPTION

Education and qualifications:

Required:

- University degree in biomedical science related disciplines
- Fluency in English (business level) and high written English level (C1 level or equivalent)

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.
