

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

Bioinformatic Technician

Microbiome Research group

VHIR seek a vacancy/vacant position for a Research Technician within the Group of Microbiome Research. More information about our group can be found here: <https://manichanh.vhir.org/>

JOB DESCRIPTION

Education and qualifications:

Required:

- Degree or Grade in Sciences (Biology, Biostatistics, Bioinformatics)
- Master in Bioinformatics/Statistics
- Fluency in English (Advanced level)

Experience and knowledge:

Required:

- High level in Statistics (R language)

Desired:

- High-throughput sequence analysis
- Microbiome analysis
