

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

**VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.**

## Clinical and Molecular Data Curator/Data Scientist

**Oncology Data Science Group (VHIO) and Prostate Cancer Translational Research Group (VHIO)**

VHIR offers vacancy/vacant position for a Clinical and Molecular Data Curator

### JOB DESCRIPTION

#### Education and qualifications:

##### Required:

- Bachelor's Degree in Sciences.
- Specific/Additional training in Clinical Research and Data Science would be positively considered.
- Mandatory: fluency in English. Optional: fluency in Spanish and Catalan.

##### Desired:

- Accredited training in Good Clinical Practices in Clinical Research (GCP) and prior experience working in a clinical research or clinical trial environment. Alternatively, training will be provided upon recruitment.

#### Experience and knowledge:

##### Required:

- Being proficient at using Excel, Access and RedCap based databases.

##### Desired:

- Prior experience in population sciences and/or data science studies
- Prior education in biostatistics will be positively considered.

- Fluent in R language for programming.
- High motivation to work in a multidisciplinary team, working closely to biomedical scientists, data scientists and statisticians in the Oncology Data Science and the Prostate Cancer Translational Research Groups at VHIO

### Main responsibilities and duties:

- Design and maintenance of clinico-genomics database for several projects in the field of prostate cancer.
- Collection of clinical data from electronic patient records into different databases.
- Support in the design and implementation of visualization tools for interrogating clinico-genomic databases.
- Support for maintaining existing databases in the Oncology Data Science Group, including clinical and preclinical models registries.
- Support in projects aiming to integrate multi-omics data (imaging, digital pathology, genomics,...) towards a comprehensive tumor characterization.

### Labour conditions:

- Full-time position: 40h/week.
- Starting date: immediate
- Gross annual salary: 23.000 – 27.500 euros /// (Remuneration will depend on experience and skills. Salary ranges are consistent with our Collective Agreement pay scale)
- Contract: permanent linked to project

## What can we offer?

- Incorporation to Vall d'Hebron Research Institute (VHIR), a public sector institution that promotes and develops the biomedical research, innovation and teaching at Vall d'Hebron University Hospital (HUVH), the biggest hospital of Barcelona and the largest of Catalan Institute of Health (ICS).
- A scientific environment of excellence, highly dynamic, where high-end biomedical projects are continuously developed.
- Continuous learning and a wide range of responsibilities within a stimulating work environment.
- Individual training opportunities.
- Flexible working hours.
- 23 days of holidays + 9 personal days.
- Flexible Remuneration Program (including dining checks, health insurance, transportation and more)
- Corporate Benefits: platform through which you can obtain significant discounts on travel, culture, technology, gastronomy, sports... among many others.
- Healthy Offering: choose from a variety of wellbeing focused activities to be the healthiest you.

## How to apply:

Applicants should submit a full Curriculum Vitae and a motivation letter with the reference "Prostate Cancer Data Curator" to the following email addresses: [cviaplana@vhio.net](mailto:cviaplana@vhio.net) and [seleccio@vhir.org](mailto:seleccio@vhir.org)

## Deadline to apply: 05/02//2024

The Fundació Hospital Universitari Vall d'Hebron-Institut de Recerca - "VHIR"-, with NIF G-60594009, address in Barcelona -08035- Passeig Vall d'Hebron 119-129, Edifici Mediterrània, 2a planta and telephone (34) 934 89 30 00 is the data controller for the processing of your personal data. The data will be processed exclusively for the purpose of managing your participation in the selection process, as well as, if necessary, managing your participation in other selection processes.

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

Unless you give your informed consent to keep your personal data for future selection processes, in the event that the selection process is completed and you are not the person selected, your personal data will be deleted and blocked in order to be able to respond to any possible liabilities that may arise.

The legal basis of the processing is the execution of a contract to which the data subject is party or in order to take steps at the request of the data subject prior to entering into a contract.

The recipient of the data will be the VHIR's Professional Development personnel and no transfer of personal data is foreseen, except for the fulfilment of legal obligations applicable to the data controller. International data transfers are not foreseen. No automated decisions will be taken, including profiling. In general, personal data will not be communicated to third parties, except for legal obligations in accordance with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 (GDPR) to persons who are entitled to request them.
