

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

PhD Candidate to apply for PFIS grant

Diabetes and Metabolism Department (SHBG in Human Disease Group)

Vall d'Hebron Research Institute (VHIR) is a public institution located in Barcelona (Spain) that promotes and develops innovative biomedical research.

The SHBG in Human Disease Group is seeking a predoctoral fellow to participate in the project "Funciones Alternativas de la Sex Hormone-Binding Globulin: Mecanismos Moleculares y Papel en Fisiología y Fisiopatología" (PI23/00544) under the supervision of Dr. David M Selva.

JOB DESCRIPTION

Education and qualifications:

Required:

- Graduate in Biotechnology, Biomedicine, Biology, Biochemistry, Medicine
- Academic record (Marks) > 2.5
- Master's degree related to Health Sciences

Experience and knowledge:

Required:

- Good communication skills.
- Animal Experimentation title.
- Experience in molecular and cellular techniques.

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.
