

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

Sample Manager Technician

Childhood Cancer and Blood Disorders Research Group

The Paediatric Haematology and Oncology Division of Vall d'Hebron Hospital treats around 120 children and adolescents with cancer per year as well as up to 500 new patients with haematological conditions and performs 40-50 stem cell transplantations. All research is conducted through the Childhood Cancer and Blood Disorders Research Group of VHIR. There are 30 phase 1/2 and 15 phase 3/4 clinical trials ongoing and several patient registries. The candidate will join a very active team of 15 paediatric haematology and oncology consultants, 2 study coordinators, 1 data manager, 2 data entry and 2 research nurses, and be involved in the day-to-day conduct of clinical trials and patient registries. VHIR offers vacancy/vacant position for a Sample Manager technician within the Childhood cancer and blood Disorders Group, funded by the FORTALECE 2023 program of Instituto de Salud Carlos III.
