

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

Postdoc scientist

Advanced Chronic Liver Disease Laboratory

We are seeking a highly motivated, organized postdoc researcher with leadership and mentoring skills as well as critical thinking, to lead a research line in our laboratory and become an independent researcher in the coming 2-3 years. The Advanced Chronic Liver Disease Laboratory belongs to the Chronic Liver Disease Research Group at VHIR. We are interested in the mechanisms leading to liver fibrosis and portal hypertension in liver disease, mostly of metabolic injury and alcohol-related origin, as well as the immune and inflammatory underlying pathways. We use the rat model and several ex vivo techniques.

JOB DESCRIPTION

Education and qualifications:

Required:

- PhD in life sciences with at least 1-3 years of postdoc experience
- Laboratory experience
- Mentoring experience with PhD and/or Masters' students
- Fluency in English

Desired:

- Experience with rodent models of liver disease
- Experience with -omics, ex vivo models of liver disease, CRISP
- Knowledge on the immunological bases of liver disease
- Experience as PI or co-PI of a competitive project
- Catalan, Spanish
