

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

Administrative Assistant – Science

Internal Strategy Directorate

VHIR offers an Administrative Assistant position to support the implementation and development of the new Scientific Structure, including Research Areas (Connected to Hospital Specialties) and Collaborative Research Spaces (eCOREs). This department works towards solving main health challenges, as well as becoming more competitive both at national and international level, promoting collaborations and, above all, have impact-oriented research to improve society's well-being.

VHIR is implementing a new Scientific Structure based on Research Areas that organize more than 60 research groups, such as Chronic, Prevalent Diseases & Aging, Brain & Mind and Behaviour, Cancer, Infectious Acute Disorders, Transplantation, Child Health and Technological Transversal Research. The research groups also participate in Collaborative Research Spaces (eCOREs) that will work on strategic institutional priorities, such as: Advanced Therapies & Immunomodulation, Precision Medicine: data & imaging, Environmental & Public Health, Rare Diseases and Women Health, Gender and Diversity Perspective.
