

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

Post-Award National Project Manager

Competitive National Grants Unit

Vall d'Hebron Research Institute (VHIR) is a public sector institution, located in Barcelona (Spain) that promotes and develops innovative biomedical research at the University Hospital Vall d'Hebron. VHIR is oriented towards finding solutions to the health problems of the citizens and has the will to contribute to the scientific, educational, social and economic development within its area of competence.

The National Projects Unit will support the scientific community at Vall d'Hebron throughout the full lifecycle of national competitive projects. The Unit encourages and supports researchers in the pursuit of national competitive funding for research, detecting opportunities and contributing to the development of quality proposals.

We are currently looking for one person to join the team as a national post-award project manager.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

JOB DESCRIPTION

Education and qualifications:

Required:

- University degree related with job description duties
- Excellent written and oral communication skills in Catalan and Spanish

Desired:

- Additional training in competitive research projects
- Good level of English will be valued
