

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**. This recognition proves that VHIR endorses the general principles of the **European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (Charter & Code)**. Thus, there are no restrictions of gender, national origin, race, religion, sexual orientation or age and **candidates with disabilities are strongly encouraged to apply.**

## Cell Cycle and Cancer (Biomedical Research in Urology) Research Group

We are currently seeking a **laboratory technician** to join the **Biomedical Research Group in Urology**. The selected candidate will be involved in the projects running in the laboratory, giving technical, structural and administrative support to all of them and managing the samples circuit together with the Urology Service at the Hospital.

### JOB DESCRIPTION

#### Education and qualifications:

##### Required:

- FP II grade.

#### Experience and knowledge:

##### Required:

- Technical experience in a laboratory
- Strong sense of responsibility, organization, initiative and self-motivation.
- Experience in management tasks

##### Desired:

- Experience in similar positions in other national or international research organizations
- Good knowledge of English.
- Team-work as well as independence abilities.
- Experience in the field of molecular and cancer biology
- Independence and team work

**Labour conditions:**

The successful candidate will be employed under a full contract starting as soon as possible. Funding is available initially for a year with possibility of renewal. The salary will be according to the established VHIR salary table for such position. Gender equity is guaranteed.

**How to apply:**

Applicants should submit a full Curriculum Vitae with the reference “**lab technician**” to the following email addresses: [anna.santamaria@vhir.org](mailto:anna.santamaria@vhir.org) and ([seleccio@vhir.org](mailto:seleccio@vhir.org)) .
