

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HIR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

**VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.**

# Predocctoral Researcher

## Biomedical Research in Cancer Stem Cells

Introduction to Unit/Job Position.

### JOB DESCRIPTION

#### Education and qualifications:

##### Required:

- Master in Biological Sciences
- Specific training in molecular and cellular biology
- Fluency in Catalan, Spanish, English (business level)

##### Desired:

- Specific training in animal models
- *High academic score (ANEP qualification)*

#### Experience and knowledge:

##### Required:

- At least 1 year of experience working in cancer research
- Knowledge of qRT-PCR, western blots, cell culture manipulation
- Ability to lead his/her own project

##### Desired:

- Knowledge of writing manuscripts
- Ability to manipulate mice
