

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

**VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.**

## PhD student

### Unitat de Recerca en Neurotraumatologia i Neurocirurgia, UNINN

VHIR offers vacancy/vacant position for a PhD student within the Unitat de Recerca en Neurotraumatologia i Neurocirurgia (UNINN). More information about our group can be found [here](#).

#### JOB DESCRIPTION

This position is offered initially for one year term. Within this year the candidate will participate part-time in the design of clinical studies in the ICU, in collecting clinical data and preparing protocols for clinical studies and in conducting basic laboratory techniques. At the end of this year renewal of the contract will be conditioned to the presentation of a formal PhD thesis proposal to the principal investigator of the group to be started as a formal PhD within the second year.

The candidate will develop his/he PhD in one of the research lines of the UNINN

#### Education and qualifications:

##### Required:

- Degree in Biology, Biochemistry, Biotechnology or related (average grade greater than or equal to 7,5)
- Master's degree in any related field

##### Desired:

- Fluency in spoken and written English

#### Experience and knowledge:

##### Required:

- Good communication and collaborative skills
- Good computer level, especially in MS office
