

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission in **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, nationality, religion, age, disability or race.

Innovation manager in biobanking Rheumatology

VHIR offers vacancy/vacant position for a manager of innovation in biobanking within the Rheumatology Service.

JOB DESCRIPTION

Education and qualifications:

Required:

- PhD in the field of biosciences

Experience and knowledge:

Required:

- Knowledge in Immunology field
- Knowledge and experience in sample (fluids and tissues) collection, processing, storage, and analysis
- Experience in basic methods in cellular and molecular biology
- Experience in designing and setting up operational procedures
- Proficiency in English (written and spoken)
- Good writing and communication skills
- Good computer skills, basic knowledge in bioinformatics and statistical analysis

Personal skills:

- Innovative thinking
- Hands-on attitude
- Flexible and adaptable
- Teamwork

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH
