

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission in **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, nationality, religion, age, disability or race.

Study Coordinator

Peripheral Nervous System group

The **Peripheral Nervous System Group** has a twenty-year history of providing clinical care and research in amyotrophic lateral sclerosis (ALS) and other motor neuron diseases (hereditary spastic paraplegias, postpolio syndrome, Hirayama's disease, spinal muscular atrophies), myasthenia gravis, genetically determined myopathies, and peripheral neuropathies.

The **Peripheral Nervous System Group** at Vall d'Hebron Hospital wants to incorporate to its team one clinical trial Study Coordinator and Data Entry to give support on specific tasks.
