

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

Licensed Technician

LUPUS Research Unit

The Department of Rheumatology of the Vall d'Hebron Barcelona Hospital Campus is offering a clinical research fellow position in LUPUS Unit. LUPUS UNIT is looking for a highly motivated clinical research fellow to actively participate in the financed project title "Stratification of lupus nephritis patients according to their clinical response using REAP-seq: Approach towards Precision Medicine" by Instituto de Salud Carlos III.

VHIR offers vacancy/vacant position for a Licensed Technician within the LUPUS Unit - Rheumatology.
