

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

**VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.**

## Postdoctoral position

### Group of Biomedical Research in Gynecology

VHIR seek a vacant position for a **Predoctoral position** in the **Group of Biomedical Research in Gynecology** in order to develop a project in translational research in the area of diagnosis and personalized treatment of endometrial cancer, ovarian cancer and endometriosis.

The applicant will be able to apply for competitive grants for postdoc positions, such as Juan de la Cierva, AECC investigator, Beatriz de Pinos, Marie Curie fellowships, La Caixa fellowships, etc.
