

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

Study Coordinator

Clinical research support unit/Pneumology Service

The Respiratory Clinical Research Support Unit (RCRSU) at the University Hospital Vall d'Hebron is an integral part of the Pneumology Department which gives support to clinical research in respiratory diseases. The RCRSU has expertise in managing industry-sponsored, intergroup and investigator-initiated studies and can conduct clinical trials of all phases (Phase I-IV).
