

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

Predoctoral researcher

Diabetes and Metabolism Research Group

VHIR offers a position for a Predoctoral researcher within the Diabetes and Metabolism Research Group to participate in the project "Topical administration of sitagliptin in experimental models of diabetic retinopathy and glaucoma: delving into mechanisms of action and changing the therapeutic positioning (Sit@Retina)".

Este contrato es parte de la ayuda PID2022-138544OB-I00, financiado por MCIN/AEI/10.13039/501100011033 y por el FSE+”, por la convocatoria Formación de Personal Investigador Predoctoral (FPI) asociada a un Proyecto de Generación del Conocimiento 2022. ([see the call website here](#))

JOB DESCRIPTION

Education and qualifications:

Required:

- Bachelor's degree Degree in Sciences
- Fluency in English (level C1)

Desired:

- Degree and/or master in Biomedical Sciences.
- Relevant additional courses
