

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

Study Coordinator

Neurodegenerative Diseases Group

The Neurodegenerative Diseases Group is a translational multidisciplinary research team that collaborates in research activities and the development of new drugs through participation in clinical trials phases I, II, III and IV, and clinical research projects to improve the quality of life of patients with **Parkinson's Disease and other Movement Disorders**.

For further information, please visit us at <https://vhir.vallhebron.com/ca/recerca/malalties-neurodegeneratives>

Thus, the Neurodegenerative Diseases Group at Vall d'Hebron Hospital wants to incorporate to its team one **clinical trial Study Coordinator and Data Entry** to give support on specific tasks.
