

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

Desired:

- Previous experience in health/biomedical research environment.
- International work experience.
- Proven experience in project management of EC funded programs – having already experience in project coordination is a plus.
- Proven experience in writing successful proposals for EC funded programs.
- Consolidated knowledge of European research programmes.
- Ability to negotiate, and to cooperate with international partners.
- Strong organisation skills
- Able to perform in multi-cultural environments (sometimes under time pressure) and to deliver results in a demanding and fast-paced environment that requires meeting set deadlines.
- Fresh thinking and innovation-friendly spirit.
- Self-driven, responsible, and able to take ownership on projects and duties
- Solid analytical thinking and problem-solving capability.
- Attentive to details.

Main responsibilities and duties:

- **Project Coordination:** Monitor the progress of work, anticipate possible problems and maintain excellent communication with the Principal Investigator and with the Project Officer or equivalent from funding agencies.
- Organize and participate in consortium meetings, teleconferences, reviews and other events. C
- Prepare and submit high-quality financial and narrative periodic reports on time (collect and review consortium information).
- **Financial Management:** Manage grant budgets (economically and administratively), prepare financial reports and audits.
- Monitor budget and anticipate possible deviations during project implementation, plan risk contingency actions and make appropriate amendments to grant agreements. Calculate partners' annual budgets and redistribute items if necessary.
