

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

**VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.**

## Technician Graduate/Licensed Neurodegenerative Disease Research Group

VHIR offers a vacant for a Technician Graduate/Licensed positions within the Neurodegenerative Disease Research Group

### JOB DESCRIPTION

#### Education and qualifications:

##### Required:

- Bachelor's Degree in Life Science or related
- Master's degree in Translational biomedical research or Genetics and Genomics or related
- Accredited for animal manipulation
- Fluency in Spanish, English

##### Desired:

- Fluency in French

#### Experience and knowledge:

##### Required:

- At least 5 years of experience working in the field of Parkinson's disease
- Must have at least 1 year of experience working with animal models and knowledge of animal experimentation techniques (intracardial perfusion, behavioral tests, subcutaneous pellet insertions).
- Previous experience processing animal samples (brain and tissue dissection, tissue sectioning by cryostat and microtome).
