

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the Vall d'Hebron Research Institute (VHIR) obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

**VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.**

## Experienced Project Manager – European Rare Blood disorders Registries

### Rare Anemias Disorders Research Laboratory

The University Hospital Vall d'Hebron is highly specialized in rare diseases. The scientific direction of the European Reference Network (ERN)-EuroBloodNet, [www.eurobloodnet.eu](http://www.eurobloodnet.eu), dedicated to **Rare Hematological Diseases (RHD)**, is led by Dr Mar Mañú Pereira, head of the Rare Anemia Disorders research lab.

Within the ERN-EuroBloodNet and in line with the strategy at European level, our team is coordinating several **projects on European patients' registries for rare haematological diseases**: we are collecting data from all over Europe, in order for researchers to be able to work on sufficient standardized, comparable data, ultimately aiming at providing better care to patients affected by these rare diseases.

In the context of the upcoming European Health Data Space (EHDS), which will regulate the Sharing of health data in Europe, these projects are of strategic interest.

In the light of the growing workload, team and projects, we are looking for an experienced, motivated and committed Project Manager who will **lead the management / delivery coordination of our European patients' registries**.
