

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

Pre-Award Research Officer

National and International Units (Pre-award) – Competitive Research Directorate

The Competitive Research Directorate at VHIR is responsible for managing all competitive projects at VHIR and at Hospital Universitari Vall Hebron (HUVH). It provides support to researchers throughout the lifecycle of competitive research projects to contribute to the leadership of VHIR and HUVH in biomedical research. It is divided in two units: National and International.

Both Units encourage and support VHIR's researchers in the pursuit of competitive funding for research detecting opportunities and contributing to the development of quality proposals (Pre-award). Once the desired funding is achieved, we provide support in managing granted funds to comply with internal policies and funding bodies regulations (Post-award).

We are currently looking for an enthusiastic candidate to be part of the Pre-award team for both units: national and international as **Pre-Award Research Manager Junior** to contribute to the collection and curation of calls and proposals data, the dissemination of future calls, and the generation of office-activity indicators for business intelligence purposes.

JOB DESCRIPTION

Education and qualifications:

Required:

- Bachelor's degree, preferentially in biomedicine-related disciplines, informatics/data science, or library/information/documentation
- Fluency in Catalan, Spanish, English (business level)

Desired:

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

- Specific training related to data analysis and IT (databases, content management systems, newsletters, business intelligence tools, etc.)

Experience and knowledge:

Required:

- At least 1 year of work experience in research management (national and/or international competitive calls)
- Good command of MS Office and other IT computer tools
- Ability to work with and organize datasets
- Experience in data curation, data mining and preparation of reports
- Well organized person with very good attention to detail and the ability to work to tight deadlines
- Self-motivated, creative, proactive and results oriented
- Excellent teamwork with good interpersonal, written and oral communication skills

Desired:

- Knowledge of competitive funding programmes (national and/or international)
- Previous experience in health/biomedical research environment
- International work experience

Main responsibilities and duties:

The successful candidate shall:

- Manage and update research and administrative data about competitive research calls and submitted/granted proposals using our internal research management software.
- Monitor indicators from competitive research for reporting to funding bodies and internally to different VHIR's committees and to tracking Research Grants Office activity.
- Manage information about competitive calls and prepare their communication to our research community through a newsletter.
- Provide technical support in the preparation of grant proposals and during the execution of granted projects when needed.
