

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

Research position for gene and cell therapies in neuromuscular disorders

Therapies and Innovation in Pediatric Neurology + Gene and Cell Therapy

We are two groups at VHIR working together for several years. Our aim is to develop disease-modifying therapies in congenital muscular dystrophies, with special interest in type 1A. We are a highly motivated team with both senior and junior PIs that puts together clinical, translational and basic research experience for developing therapeutic options for severe, rare, orphan neurological disorders.

We are looking for a pre-doctorate student with previous technical experience in cell and molecular biology and interest in the development a PhD related to this project.

JOB DESCRIPTION

Education and qualifications:

Required:

- Bachelor's and Master's Degree in any biomedical discipline
- Good references for trainers, mentors and/or previous employers in the field
- Fluency in written and oral English

Desired:

- Specific/Additional training in animal experimentation

Experience and knowledge:

Required:

- Previous hands-on experience on cell and/or molecular biology
- Abilities at team working

Desired:

- Knowledge of cell and/or molecular protocols
- Ability to autonomous daily lab working

Main responsibilities and duties:

- Performance of experiments
- Collaboration in sample collection and annotation in neuromuscular disorders
- Participation in laboratory meetings, experiments' design and result presentation adequate to his level of expertise
- Participation in publications' preparation

Labour conditions:

- Full-time position: 40 h/week.
- Starting date: immediate.
- Gross annual salary: 17.737,84 € (Salary ranges are consistent with our Collective Agreement pay scale for first and second year Predoctoral students)
- Contract: Open-ended contract linked to the project (1+2 years).

What can we offer?

- Incorporation to Vall d'Hebron Research Institute (VHIR), a public sector institution that promotes and develops the biomedical research, innovation and teaching at Vall d'Hebron University Hospital (HUVH), the biggest hospital of Barcelona and the largest of Catalan Institute of Health (ICS).
- A scientific environment of excellence, highly dynamic, where high-end biomedical projects are continuously developed.
- Continuous learning and a wide range of responsibilities within a stimulating work environment.
- Individual training opportunities.
- Flexible working hours.
- 23 days of holidays + 9 personal days.
- Flexible Remuneration Program (including dining checks, health insurance, transportation and more)
- Corporate Benefits: platform through which you can obtain significant discounts on travel, culture, technology, gastronomy, sports... among many others.
- Healthy Offering: choose from a variety of wellbeing focused activities to be the healthiest you.

How to apply:

Applicants should submit a full Curriculum Vitae and a cover letter with the reference "Research position for gene and cell therapies in muscular" to the following email addresses: jordi.barquinero@vhir.org and seleccio@vhir.org

Deadline to apply: 15-apr-2024
