

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

**VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, gender identity and expression, religion, age, functional diversity or ethnicity.**

## Laboratory FP or Higher Position

### Clinical Neuroimmunology Group

The Clinical Neuroimmunology Group is part of the Centre d'Esclerosi Múltiple de Catalunya (Cemcat), a reference center for multiple sclerosis (MS) at national and international levels. The Cemcat has a multidisciplinary team with more than 70 highly experienced professionals fully dedicated to clinical care, physical and cognitive rehabilitation, teaching, and research on MS (more information on the group can be found at <https://www.cem-cat.org/>).

#### JOB DESCRIPTION

##### Education and qualifications:

##### Required:

- Technical degree (FP II or similar) or BsC in the field of biosciences.
- Experience in common immunology and molecular biology techniques such as ELISA, PCR, flow cytometry, cell culture, immunohistochemistry, etc.
- Fluency in Spanish and English.
- Proficiency in Microsoft Office (Excel, Word, etc.) and analysis software (graphPad, SPSS, software for flow cytometry).
- Strong sense of responsibility, initiative, self-motivation and team work abilities
- Experience using the SIMOA HD-1 platform.

##### Experience and knowledge:

##### Desired:

- It will be positively valued to possess the title of the "Training course for research personnel using experimental animals" or to accredit experience in working with experimental animals.
- Experience in sample processing and cell culture
